Dear School Proprietor / Principal,

RE: Digital Transformation Proposal — School Digital Suite

We are **acad.com.ng**, a technology company specialising exclusively in digital solutions for Nigerian schools. We have worked with over **120 schools** across the country, and we are writing to invite your school to join a growing community of institutions that operate smarter, communicate better, and attract more enrolments through digital tools.

Today, when parents are deciding where to enrol their child, they search online. A school without a digital presence — or with no professional online footprint — loses that parent before they ever visit in person. The question is no longer *whether* your school should go digital; the question is how much longer you can afford not to.

WHAT WE OFFER

We offer a complete **School Digital Suite** that includes a professional school website, a fully-featured school management app (installable on any phone), an offline CBT examination system, and social media management — all in one affordable package billed per term with no lock-in contracts.

■ **Professional School Website**

Responsive, SEO-ready website with your school's branding, online admission forms, gallery, news pages, and a dedicated subdomain (yourschool.acad.com.ng). SSL security and fast hosting included.

■ **School Management App**

A full-featured app for result processing, automated report cards, student attendance with parent SMS/WhatsApp alerts, fee management, staff clock-in, digital ID generation, and multi-role logins for admin, staff, parents, and students.

■ **Offline CBT System**

Conduct computer-based tests in your lab without internet. Supports 500+ simultaneous students on a local network with randomised questions, auto-marking, and instant results.

■ **Social Media Management**

Setup and management of your school's Facebook, Instagram, and WhatsApp channels — branded posts, automated news sharing, and community engagement strategy.

OUR PACKAGES

Package 1 Starter	Package 2 Professional	Package 3 Ultimate
N20,000/term	N35,000/term	N50,000/term
Website + School App	Website + App + CBT	Website + App + CBT + Social Media

We appreciate you taking the time to read this letter. We understand that every naira spent at your school must count, and our packages have been structured so that even the most budget-conscious school can access world-class digital tools.

We look forward to the opportunity of partnering with you to build a smarter, more professional, and more connected school.

Warm regards,

The acad.com.ng Team
